

www.datepositive.net

*A dating and friendship
website for people
living with STDs*

Datepositive.net is an online dating and friendship service for people with STDs. We offer a safe and private way to meet new friends, dates, or potential partners.

The website takes away the worry of rejection. You won't have to have 'that' conversation.

Members are friendly, our Premium fees are very low, and we offer plenty of chances to win a free upgrade.
